Licking Memorial Hospital Community Cornerstone Club

We invite you to join the Community Cornerstone Club of Licking Memorial Hospital (LMH). The Community Cornerstone Club was founded in June 1987, in recognition of and deep appreciation for LMH supporters. This group of community leaders is the foundation of LMH's success because of the dedication to ensuring that the latest advances in medical technology are available to the citizens of our community.

Your Contributions Are Vital

Your gift provides the vital margin which enables LMH to provide extra service to you and the community. Donations are used to provide new medical equipment and/or expanded services. Contributions do not assist with general operating expenses.

Community Cornerstone Club

Funds Have Helped to:

- Provide new and replacement cutting-edge technology in the Radiology and Laboratory Departments, including nuclear medicine cameras, a bone density machine, a stereotactic breast biopsy unit, and progressive chemistry instrumentation.
- Purchase new Hospital beds with advanced safety features.
- Obtain a state-of-the-art nurse call light system that ensures a rapid alert process notifying physicians and staff of a patient's condition and needs. A touch screen station in all patient rooms connected to LMH's electronic medical record allows the staff to quickly access important information about the patient's care.
- Provide the CBORD Food Service Suite and Aladdin Temp-Rite Meal Delivery System to provide an additional layer of safety for dietary restrictions, as well as assist in providing personalized meal selections to our patients.
- Create a seven room Step-down Unit located in the Critical Care area.

Recognition

Your name will be listed in the LMHS *Annual Report* and other Hospital publications.
