

Licking Memorial Health Foundation

Doctors' Day DONATIONS

In recognition of Doctors' Day, express appreciation for your favorite physician by providing a personal note to the physician along with a donation to Licking Memorial Health Foundation in his or her honor. Contributions will help fund the construction and development of the Licking Memorial Health Systems Education & Event Center. The facility will serve as a place to meet, learn, and share in activities that promote healthy lifestyles and offer valuable resources. As Licking County continues to grow and thrive, the Center will enhance the opportunity for education, connectivity, and relationships within our community.

To honor your favorite physician, complete the form on the right and use this envelope to return it along with your check. Your personal message and an acknowledgment of your gift will be sent to the physician on your behalf.

Please make checks payable to Licking Memorial Health Foundation. Donations may also be made online at LMHealth.org or by scanning the QR code below the form. For more information or to donate by phone, please call (220) 564-4102.
