# A Standard of Caring

The John Alford Fellowship was created in 1996 by the Development Council of Licking Memorial Hospital (LMH) to memorialize the extraordinary commitment of the Hospital's longtime friend and supporter, John W. Alford.

John W. Alford began his local business career in 1935 as a teller at Park National Bank (PNB). He went on to become Vice President, President, CEO, and Chairman of the Board of PNB. In spite of a busy professional life, John found time to serve his community in many ways. To recognize his impact on the community, the Development Council named John W. Alford as the first recipient of the newly created annual Lifetime Achievement Award in 1989.

John's dedication and leadership helped LMH become a reality in 1966. In 1961, he became the finance chairman for the Newark Hospital Finance Committee, a group responsible for securing the necessary support to construct a new community hospital on the site of what we now know as Licking Memorial Hospital. John later served as chairman of the Licking County Hospital Commission and as head of the Special Prospects Committee of the Development Council, a group formed to secure financial support for Licking Memorial.

As general chairman of the Citizens Committee to build a new hospital in the 1960s, John W. Alford

was quoted as saying, "building a modernly equipped hospital is probably the most important project that the people of Licking County will undertake in this generation." He went on to say, "The new hospital will have a direct effect on the health of every man, woman and child in the entire county." John demonstrated a standard of caring that rarely exists elsewhere.
